Create DOI (Form)

More information about DOI registration via form can be found on our [Support Website](#). Required properties are marked with a red asterisk.

Required Properties

* DOI A globally unique string that identifies the resource and can't be changed.

Click the circle icon for a new random suffix, or the cross icon to delete the random suffix and enter a value manually.

* State The state determines whether a DOI is registered and findable. Once in Registered or Findable state, a DOI can't be set back to Draft state. [More ...](#)

- Draft only visible in Fabrica, DOI can be deleted
- Registered registered with the DOI Resolver
- Findable registered with the DOI Resolver and indexed in DataCite Search

* URL The location of the landing page with more information about the resource.

Should be a https URL - within the allowed domain(s) of your repository if domain restrictions are enabled in the repository settings. Http and ftp are also supported.

* Creators The main researchers or organizations involved in producing the resource, in priority order.

Uniquely identifies an individual or legal entity, according to various schemas, e.g. ORCID, ROR or ISNI. Use name identifier expressed as URL. The Given Name, Family Name and Name will automatically be filled out for ORCID and ROR identifiers.
